

# Health Requirements

## Health Services

Effective: 11/22/2023

The school does not provide health services on campus.

- Immunizations: Clinical/externship sites **may** require various vaccinations prior to participation in a clinical/externship rotation. **Program Directors maintain a list of vaccination requirements, which can be provided upon request.** The immunization requirements are based on general requirements for working in a healthcare setting and may change without notice. It is the students' responsibility to ensure compliance with immunization requirements at their own cost. **Students who qualify for exclusion must request an exemption; there is no assurance a clinical site will accept the exemption. Furthermore, if a student does not obtain required immunizations or is unable to provide documentation of past immunizations to meet clinical requirements,** Concorde cannot guarantee placement at a clinical/externship site. In these cases, the student may be required to complete additional health facility-specific documentation, including waivers. Under no conditions can Concorde guarantee employment.
- Health Insurance Coverage: The externship/clinical sites do not provide health insurance coverage for students. All students are covered by accident and liability insurance policies while in school, on externship or on a clinical rotation. This policy does not automatically pay for all medical expenses due to school-related accidents. It is designed to work together with the insurance the student may already have. A student is required to meet with the Program Director regarding the processing of a claim. None of the programs provide health insurance as part of the tuition fee. Health insurance is the sole responsibility of the student.
- Health Conditions: It is the responsibility of the student to inform the appropriate instructor(s) of any physical or mental condition that could interfere with the safety of the student and/or patient while at the externship/clinical site.

While ill, it is the responsibility of the student to notify the Program Director, the Director of Clinical Education (DCE)/Clinical Instructor/Extern Coordinator and the externship/clinical site. Students are not permitted to attend class, externship or clinical with a communicable disease.
